Cheese Hoops & Accessories

- Stainless steel hoops are well constructed and sanitary. Daisy hoop has 3 parts (hoop, bandager and follower) but longhorn hoop has only 2 (w/o follower). S.S. follower hook with T-handle is useful for quick removal of followers (lids). Save money by inserting rubber rings (gaskets) ahead of the follower, to prevent curd from squeezing past follower. The hard rubber blocks are appreciated by those who use them for knocking cheese out of hoops - protects working surface as well as hoop!

H. SS Daisy Hoop

Heavy Duty Safety Shovels

Tough. Lightweight. Hygienic. Non-sparking. Heavy duty, one-piece, injection molded polypropylene construction. Tough and resilient with a solid shaft and a extra thick blade. Shovel is designed for heavy loads such as sludge and other bulk materials. Available with small blade and large blade, as well as a variety of colours.

Excellent chemical resistance to in-organic chemicals and most organic chemicals make this shovel ideal for handling chemical spills.

Shovel Features:

- Non-sparking
- Chemical resistant
- No Rust or corrosion
- Tough, resilient
- Available in red, blue, green, orange, yellow or white
- Rigid yet lightweight

Applications:

- Meat, seafood and poultry
- General food handling
- Commercial fishing
- Material handling
- Agriculture
- Chemical and industrial applications

Product No.	Blade	Overall Length	Weight
6981	11" x 14"	38"	2.9 lbs.
6982	14" x 17"	40"	4.0 lbs.

Scoops

Molded in one piece of thick-walled polypropylene, they're extremely durable and make quick work of moving all kinds of bulk materials.

Features:

- Tough, Resilient Polypropylene
- Sterilizable, No seams or cracks for bacterial growth
- Meets FDA Requirements
- Won't rust or Corrode
- Autoclavable
- Chemical resistant
- Non-sparking
- Low Cost
- Closed Ribbed Handle for Better Grip-Model 6500 only
- Convenient Hook for Hanging

Product No.	Description	Width	Length	Depth	Capacity
6400	Small Scoop	5"	11.5"	23/4"	32 oz. (1qt)
6500	Large Scoop	6.5"	15"	31/2"	82 oz. (2.5qt)

Scrapers

If you're looking for a tool that won't bend or break when moving materials, we have a hand tool that fits the bill. With different sizes, colors and designs, they are an excellent solution for a variety of scraping, bench top and food prep applications.

Features:

- One Piece Sturdy Polypropylene
- Sterilizable
- No Dents or Sharp Edges
- Tapered Handle and Thumb Hole for Strong Grip
- Won't Scratch Stainless Containers
- No Seams or Cracks for Bacteria Growth
- Made from FDA-compliant materials
- Autoclavable; durable
- Will not rust or corrode; chemical resistant
