

M-5000 Instant Hot Water Maker & Parts

M-5000 Instant Hot Water Maker (Stainless Steel)

Series Temperature-Indicating Mixing Units. These units instantly produce hot water from a steady supply of steam and cold water. All mixing units stations in the M-5000/M-5700 series are equipped with a dial-type gauge that indicates the wash water's temperature. The operator can easily regulate the temperature by turning the units steam and cold-water valves to the desired wash water temperature. As an added safety measure, these units shut off their steam source automatically if the cold water supply drops below 50 PSI. When properly maintained, this safety feature eliminates the hazard of steam burns.

The M-5000 is available in bronze or in bronze chrome plated.
 Maximum recommended operating temperature: 200°F / 93.33°C
 Maximum working pressure: 150 PSI (10 BAR)

Model M-5000 wall mounted unit.

Note: To ensure proper performance, we recommend that standard Strahman hoses and nozzles be used with these units.

M-5000L, for 80 to 95 psi steam pressure.

Stock No.	Hose & Nozzle	Hose Length	Colour	Wt/Unit	Sold By
Assembly	A 50'	black	56#	EA	CH

M-5000 Instant Hot Water Maker - Parts List

Stock No. Parts Description

1	Body (inclu.#6&7)
2	Cap scre w
3	Lock w asher
4	Connector
5	Steam poppet (L)
5	Steam poppet (M)
5	Steam poppet (H)
6	Steam jet
7	Poppet seat
8	Hose rack
8	Hose rack, chr . pltd
10	Spacer
11	W all plate
12	Union nut
13	Ball check v alve
18	W ater chamber
19	W ater chmbr.hsg (incl. #35)

Stock No. Parts Description

20	Poppet guide
21	Poppet guide nut
22	Body nut
25	Set scre w
26	Poppet spring
27	Guide e xtension
28	Pusher
29	Grommet
30	Gauge holder
31	T emperature gauge (F/C)
32	Blending chamber
33	Grommet lock scre w
34	Lock scre w holder
35	O-ring for w ater chmbr.hsg
36	Ball check g asket

Kit includes:

1 Ring puller	3 Base rings
1 Ring seater	1 Poppet tool
1 Lantern	1 Poppet seat tool
5 Packing rings	2 Poppet seats
2 Springs	4 Steam poppets (L)
5 Bottom Valve Rings	2 Ball check assy w/g askets
