

Rubber Knobby Mat™

Economic rubber mats designed for heavy wear and tear in almost any environment. Knobby surface on both sides allows circulation of air or liquid. Protects stainless steel parts or glassware from knocking against hard surfaces. Perfect for disassembled pump parts during repairs. Mat with black "X" helps prevent cross-contamination. Use the solid colored side for product contact and the side with the "X" as the bottom side. 21" x 27". All mats are formulated from FDA approved material.

Mat with "X" and 3/4" Hanging Holes

141-2200

141-2006 - White with Hanging Holes only

141-2010 - Black without Hanging Holes

Also available in Metal Detectable.

Dual Colour Rubber Knobby Mat™

Take color-coding product contact and non-product surfaces to the ultimate level and reduce cross-contamination with this mat. One side of the mat is solid black while the other is solid colored making it easy to identify product and non-product surfaces. Knobby surface on both sides allows for circulation of air or liquid. Protect stainless steel parts or glassware from knocking against hard surfaces. Perfect for disassembled pump parts during repairs. Formulated of FDA approved materials and features 3/4" reinforced die-cut holes in two corners for easy hanging on the stainless steel mat hanger (#141-2200).

21" x 27" Dual Colour Knobby Mat (solid black on one side)

Disinfectant Mat

Stop contamination at the door with a sanitizing footbath that cleans and sanitizes. Heavy duty rubber fingers clean shoe soles while solution sanitizes them. This unique double-action helps keep contamination from reaching food processing areas. Over 90% of the food plant professionals we surveyed said footbaths are Very Important or Somewhat Important. They are recommended at entrances to all food processing areas. Mat measures 32"x 39"x 2" deep.
