That is why our Mueller® Mixers feature more straight-grade 316 stainless steel than virtually any competitive product line for years of durable service in cGMP environments. Plus our mechanical seals feature low-noise silicon carbons for quieter operation.

Mueller Mixers are a perfect match for all of your sanitary mixing applications, including pharmaceutical, cosmetic, food, and beverage. We back the quality of our mixers with the Mueller name and that is something we have stood behind since 1940.

## COMPETITIVE 18-MONTH WARRANTY

- AMERICAN-MADE
- ENGINEERING SUPPORT
- CUSTOM SPECIFICATIONS AVAILABLE
- DOCUMENTATION PACKAGE INCLUDED IN PRICE
- EXCEEDINGLY QUIET
- INDUSTRY-BEST LEAD TIMES
- CUSTOMER SERVICE

# One-Stop Shop for Component Parts

Every mixing application is unique with different needs for agitation level, shear, suspension, and many other factors. If you need help deciding the best mixer for your specific application, trust Paul Mueller Company's 75 years of engineering expertise. Contact us for a consultation. We can provide custom configurations according to your needs as well.

## MUELLER TOP-MOUNT MIXERS

Direct-Driven (FOR TANKS UP TO 750L)	Model	Tank Volume* (U.S. Gallons/Liters)	Motor Type*	Motor Voltage	Motor HP	Speed (RPM)	Exp. Shaft (Inches)	Impeller (Size/Type)	Prices Starting at
	AD075-E3	75/285	Air	----	¾	300–3,000	¾" x 30"	(2) 4" Propellers	\$7,185.00

Mueller Top-Mount Mixers with external seals are designed for the most stringent sanitary applications. All-stainless construction provides maximum protection against corrosion and cleaning solutions. We also offer direct- and gear-driven Mueller Top-Mount Mixers with internal seals that can be configured to meet application requirements including variable speed, alternate impellers, and many more options.

\*Reference tank volumes. Mixers configured for moderate agitation of "water-like" materials. Contact us for assistance with higher viscosities.

\*Explosion-proof motors are available upon special request.

**PAUL MUELLER, OUR FOUNDER**

At Paul Mueller Company, we are united by a belief that the only quality that matters is quality that works for life. With every piece of processing equipment we build, our goal is to have lasting impact. This collective vision has led us from a small sheet metal shop to a global supplier of heating, cooling, processing, and storage solutions. Our equipment allows farmers, food producers, and engineers to keep their products fresh and their inventory strong. Whether our equipment is a small piece in your big picture or the critical component for your final product—together we are making an impact across the globe.
