

MADE-TO-ORDER

CENTRIFUGAL CARTS

Portable Sanitary Centrifugal Pump Carts

Harco's custom built **Centrifugal Carts** are lightweight, and a robust two-wheeled cart designed for maximum mobility. They are constructed of stainless steel tubing, durable and corrosion resistant wheels. Each versatile cart is built to customer specifications, and can include any of our centrifugal pumps listed below using the LENZE VFDS. Carts are ergonomically designed for ease of use in tight spaces.
