

HARCO'S SANITARY

Lubricating Spray HL-7

Contains no animal or vegetable fats. Tasteless and odorless.

Harco's Sanitary LUBRICATING SPRAY HL-7

Harco's Sanitary Lubricating Spray HL-7 is suitable for use on dairy and food processing equipment, where contact with food may occur.

It contains FDA and USDA accepted ingredients and is odorless, tasteless and non-toxic.

USP* Liquid Petrolatum allows it to be used safely for food processing equipment.

Harco's Sanitary Lubricating Spray HL-7 contains no animal or vegetable fats, will not turn rancid and remains absolutely neutral when in contact with food products.

Applications:

- Sanitary valves
- Homogenizer pistons and rings
- Capper slide and parts
- Slice, cutters, fillers, and wrappers
- Conveyers, mixers etc.
- All machine parts that are cleaned daily
