

COLOR CODED TOP DOG™ APRONS

The Top Dog™ Aprons are designed to support zoned color-coding programs. These total-color garments are durable and hygienic, provide protection to the wearer and are reusable. These garments are made from an ether-based polyurethane film, making them ideal for the food and beverage industry. They are chemical and abrasive resistant and will remain soft at any temperature. Machine washable and dryer-safe up to 180°F.

Waterproof, Recyclable, Latex-Free

One-piece construction limits the potential for foreign body contamination and reduces harborage points for pathogens. Aprons are reversible and fit comfortably over clothes. May be used in conjunction with Top Dog protective sleeves for maximum safety.

COLOR CODED TOP DOG™ GOWNS

The Top Dog™ Gowns are designed to support zoned color-coding programs. These total-color garments are durable and hygienic, provide protection to the wearer and are reusable. These garments are made from an ether-based polyurethane film, making them ideal for the food and beverage industry. They are chemical and abrasive resistant and will remain soft at any temperature. Machine washable and dryer-safe up to 180°F.

Waterproof, Recyclable, Latex-Free

One-piece construction limits the potential for foreign body contamination and reduces harborage points for pathogens. Gowns are reversible and fit comfortably over clothes. These gowns feature full-length cuffed sleeves that offers full protection. The open back improves user comfort by reducing weight and providing ventilation.

COLOR CODED TOP DOG™ SLEEVES

The Top Dog™ Sleeves are designed to support zoned color-coding programs. These total-color garments are durable and hygienic, provide protection to the wearer and are reusable. These garments are made from an ether-based polyurethane film, making them ideal for the food and beverage industry. They are chemical and abrasive resistant and will remain soft at any temperature. Machine washable and dryer-safe up to 180°F.

Waterproof, Recyclable, Latex-Free

One-piece construction limits the potential for foreign body contamination and reduces harborage points for pathogens. Sleeves are reversible and fit comfortably over clothes. Sleeves provide coverage from the wrist to above the elbow. Elastic at both ends of the sleeves keeps them in place. All sleeves ship in pairs.
