

## Rubber Knobby Mat™

Economical rubber mats designed for heavy wear and tear in food processing and industrial environments. Knobby surfaces allow air and liquid circulation while protecting stainless steel parts and glassware from hard surfaces. Ideal for pump parts during repairs and mobile repair applications. Made from FDA-approved materials, with EPDM standard and white nitrile available for oil-resistant use. Black "X" mat helps prevent cross-contamination; use the solid side for product contact and the "X" side as the bottom. Features 3/4" reinforced die-cut holes for easy hanging (stainless steel mat hanger sold separately).

### 21" x 27" Mat with "X" and 0.75" Hanging Holes

| White    | Red      | Yellow   | Blue     | Green    | Orange   | Purple   |
|----------|----------|----------|----------|----------|----------|----------|
| 141-2015 | 141-2020 | 141-2025 | 141-2005 | 141-2030 | 141-2035 | 141-2038 |

### Mat Hanger 3"W x 21"L (not shown)

| Stainless Steel |
|-----------------|
| 141-2200        |

141-2006 - White with Hanging Holes only / 141-2010 - Black without Hanging Holes

Also available in Metal Detectable.

## Dual Colour Rubber Knobby Mat™

Designed to enhance identification of product and non-product surfaces while helping reduce cross-contamination. One side features a solid black surface, while the opposite side is solid coloured for easy identification. Knobby surfaces on both sides allow air and liquid circulation while protecting stainless steel parts and glassware from hard surfaces. Ideal for disassembled pump parts during repairs. Made from FDA-approved materials and features 3/4" reinforced die-cut holes in two corners for easy hanging on stainless steel mat hanger (#141-2200).

### 21" x 27" | Solid black on one side | 0.75" hanging holes

| White    | Red      | Yellow   | Blue     | Green    | Orange   | Purple   |

| 141-2040 | 141-2045 | 141-2050 | 141-2055 | 141-2060 | 141-2065 | 141-2070 |

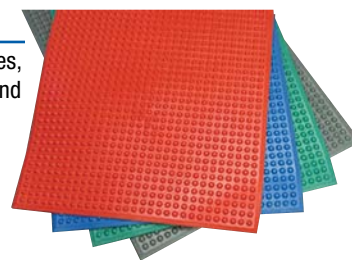

Also available in Metal Detectable.

## Ergomat® Hygiene Anti-fatigue Mat

Made of premium USDA-approved rubber, this mat is designed to increase comfort while reducing fatigue, body aches, and tripping hazards in wet or dry food processing environments. Features molded beveled edges for added safety and is ideal for demanding workplace applications. Includes a 3-year warranty. Custom sizes available; call for pricing.

### 24" x 36"

| Red      | Blue     | Green    | Grey     |

| 198-2000 | 198-2001 | 198-2002 | 198-2003 |

## Disinfectant Mat™

Heavy-duty sanitizing footbath designed to help prevent contamination in food processing areas. Flexible rubber fingers scrub dirt and debris from footwear while sanitizing solution disinfects soles, sides, and boot welts. High-wall design provides deeper immersion and holds up to 20 quarts of solution, while the large size helps cover doorways and promote consistent use. Available in chlorine-resistant and antimicrobial options; antimicrobial construction helps inhibit unwanted microorganisms and features a bright yellow colour for visibility and quality control. Size: 39" x 32" x 2" deep.

### Chlorine Resistant High-Wall™
